How can I change the password from the MT4 Platform?

Trading · https://wb-vn.com/knowledge-base/trading/how-can-i-change-the-password-from-the-mt4-platform/

To change the password via the MT4 platform, follow these steps:

1. Log in to the MT4 Platform
2. Click on ‘Tools’
3. Click on ‘Options’
4. Select Server (Real or Demo). You can find your server on your WB Portal or App under Account Details.
5. Type the Account number and Password
6. Click on ‘Change’
7. Type your current password
8. Type and confirm your new password
9. Press ‘OK’
